All legal avenues must be exhausted. If Biden makes it to the point where he seriously looks to be seated, the insurrection is proven. We need to show the world our constitution is solid, and where it fails us we are able to repair it.

I think the reason trump is waiting is precedence, so say for example Trump or some other MAGA party candidate won a legitimate election, then by going through legal avenues and showing evidence to congress/senate,it would make sure that a democrat crybaby

I agree with your analysis. Trump has been clarifying executive power like butter. Whoever succeeds him will have mountains of corrected precedence to overcome if they are to act the way the previous few presidents have.

But I think Trump wants to show the MASSIVE EVIDENCE and then USE IT, vs the Demonrat Crybaby pulling evidence out of thin air. Once the Rubicon is crossed, no going back

4 That twitter flag in bright red looks like an alarm to me at this point. "Red alert election officials have certified Joe Biden this is not a drill"
